CLIENT TESTIMONIAL FOR QUEEN CITY LAW

East Wind Co Limited has availed itself of the services of Queen City Law for the last decade or so. The company has been most pleased with the professional and courteous way in which our cases have been handled by Queen City Law.

We have been impressed with the quick turnaround time that our matters have been dealt with and the knowledgeable way they have been handled.

East Wind Co Limited has referred both commercial and business immigration cases to Queen City Law and is invariably delighted with the outcomes achieved. We feel they go out of their way to make the process as easy as possible for their clients and "go the extra mile" to achieve a good result.

The firm's lawyers provide excellent strategic advice and have assisted our company with a considerable number of high net worth Japanese clients in New Zealand. Queen City Law provides savvy, commercial and well structured advice in a very efficient manner.

Queen City Law's expertise in business immigration law, business law, commercial law, leasing, company and employment law make the firm very much a one stop shop and we think they are New Zealand's top firm in this area by a country mile.

The firm also enjoys excellent networks ranging from Cabinet Ministers to senior Government officials to some of New Zealand's business leaders and has been able to open many doors for us. The firm is excellently net worked both in New Zealand and internationally.

We will have no hesitation in referring future matters to Queen City Law and we trust this reflects the level of superior service they offer.

We hope to continue our relationship long into the future.

Yours sincerely,
