Dear : Marcus Beverage and Stephen Chan

I would like to thank you dearly for the outcomes that yourself (Marcus and Stephen) and the team at Queen City Law have achieved to getting my parents (Benny Tanudjaja and Lydianty Gunawan) Permanent Residence approved.

Especially we have a number of problems with my father's health and medical condition where that really serious, high risk and need more consideration with immigration. There is no way at all that their would be still here without your help, and I am so grateful to you for agreeing to help initially. You have achieved what we thought was un-achievable.

You made the whole journey pleasurable from out point of view and took all the stress out of the whole exercise.

We are really pleased and satisfaction with the result and would definitely look forward to our continued dealings with you.

Thank you

Regards

Beatrice Tanoedjaja
