Dear **Marcus**

LEGAL SERVICES

We write to express our sincere thanks for the excellent way in which you have represented Shah Homes Limited interests in respect of all our legal requirements including the commercial immigration and property fields during our long association.

Our firm has always appreciated both the professional and friendly attitude of Queen City Law when assisting us with acquisitions of land for sub-divisional purposes, especially our newest project in Fiji known as Fun World and also successfully processing immigration applications on behalf of our staff and associated people.

You and your staff have always dealt with our matters in a timely and thoroughly professional manner and we would have no hesitation in recommending your firm to anyone who needs the services of a first rate law firm. We also thank you for your legal input in relation to our Radio Station Apna 990 and our joinery company, Dream Kitchens Limited as well as the finalisation of the several hundred residential sections, housing packages and unit title properties you are acting on, on our behalf.

We look forward to continuing our association for many years to come.

Yours sincerely,
